

2012 - Mazda6 - Body and Accessories

POWER OUTER MIRROR SWITCH INSPECTION

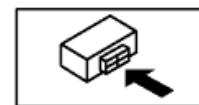

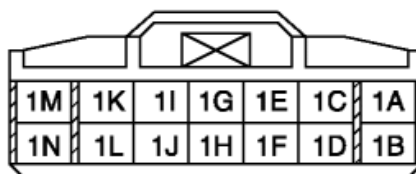

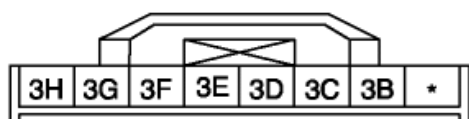

1. Switch the ignition ON.
2. Verify that the power outer mirror switch can be operated for **approx. 43 s** after the ignition is switched off.
 - If the power outer mirror cannot be operated for **approx. 43 s** after the ignition is switched off, or if the power outer mirror can still be operated after **approx. 43 s**, replace the power outer mirror switch.
3. Disconnect the negative battery cable.
4. Remove the inner garnish. (driver-side) (See [INNER GARNISH REMOVAL/ INSTALLATION.](#))
5. Remove the front door trim. (driver-side) (See [FRONT DOOR TRIM REMOVAL/ INSTALLATION.](#))
6. Remove the switch panel. (driver-side) (See [FRONT DOOR TRIM DISASSEMBLY/ ASSEMBLY.](#))
7. Using a tester, verify that the continuity between the power outer mirror switch terminals is as indicated in the table.
